

**YWCA
IS ON A
MISSION**

IF YOU DREAM IT

YOU CAN MAKE IT HAPPEN WITH YW TECH LAB

CLASSES IN WEB DEVELOPMENT BEGIN MONDAY, OCTOBER 31

GET YOUR CAREER STARTED TODAY!

RECEIVE:

- **Hands-On Training:** 400+ hours (3 months) of instruction in Front End Web Development (design, HTML, CSS, Javascript) and soft skills including problem solving, resume writing, interview practice, and project management.
Plus, **MORE** training if desired.
- **Certifications:** Individuals can earn a Google IT Support Professional Certificate, CompTIA A+, including Network, Security, and Server certificates.
- **Personalized Assistance.** A case manager will help you overcome barriers and provide job coaching after you have been hired for up to one year!
- **Paid internships,** on-the-job training, job placement. We offer assistance to find the job you desire.
- **Computer.** Individuals will receive a laptop that's yours to keep when you finish.

**eliminating racism
empowering women**

ywca

Northwestern Illinois

The YW TechLab is a signature initiative of YWCA to improve job training programs and increase access to digital skills for women, people of color, and underserved individuals including wrap-around and barrier reduction services and focusing resources on the un- and under-employed, and those low on the socio-economic stratum.
